They Work for Us

Mr. Ash has been our Superintendent for the past three years. During this time the school district has grown immensely. New people have entered the district and with them they have brought new ideas and new problems. Since he has been Superintendent, Mr. Ash has encouraged higher education in the Pinckney Community School District.

Pickney High School employed a new principal this year, Mr. Kennedy. Traditionally a leader will affect the people he leads with his disposition. If you entered the office during the year for whatever reason, you would find that there was an understanding, but strict attitude toward student behavior in school.

Besides his duties as a disciplinarian, Mr. Kennedy supervises the curriculum changes for the coming year and the assignment of students to these classes.

They Work with Us

Mrs. Swarthout and Mr. Chamberlain are two of the most important people in our school. They help us to step into the present and future. With their guidance we are pointed towards a better and more promising life.

This year the counselors are providing students with help in scheduling and curriculum problems. The counselors are

important to every student where individual care is a necessity. Whether it is counseling a disturbed freshman or directing a college bound senior, the counselors work for beyond the regular school day. The counselors try to meet all of the students' needs; the rewards are many; the problems, tremendous.

They Work Around Us

Pickney High School is aided in its ability to run smoothly by several people. To keep things running in the main office is Mrs. "Molly" Janowski. Molly helps to keep students in order and helps Mr. Kennedy helps Mr. Kennedy quite a bit. In the administration office there is Mrs. Matteson, Mrs. Wlundyka, and Mrs. Hasson.

The bus drivers are very important people to our school. They bring us to school and get us out at night. They are very helpful on game nights by providing us with transportation to and from sports activities.

Our kitchen help is a very important aspect to our school. They provide us with a nourishing meal to help us to get through the day. With the help of Mrs. Abney, we can always look forward to good lunches.

The custodians without helping, our school would be total chaos. Everyday at 2:30 they come out with their mops, pails, and brooms to prepare the school for another day.

Without the help of these people, the school would have a hard time existing.

Mrs. Bodnar, Mrs. Black, Mr. Irej, Mr. Nichols, Mr. Russell, and Mr. Black.

These are our bus drivers. Row one: S. Masters, D. Baughn, S. Tepatti, B. Childs. Row two: L. Newman, H. Reynolds, H. Curtis, M. Shinut, M. Krahn, M. Brown, N. Smith, M. Walker, Mr. McCurdy. Not

Those serving our meals this year are: E. Bottke, D. Amburgey, S. Abney, G. Swarthout, R. Swartout, A. Rose, M. Abney.

In the office you will find: Mrs. Wlundyka, Mrs. Hassan, Mrs. Mattison, Mrs. Amburgey, Mrs. Janowski.

They Work.

In Spite of Us

English has quite a bit to do with the cultures of our world. Our teachers, Mrs. Miller, Mrs. Dennis, Mrs. Evans, Mrs. Osburn, Mr. Hanson and Mr. McConnell, are concerned with the communication and knowledge of our surroundings. The English subjects ranging from Creative Writing to Drama, Yearbook to just plain "olde" English, enlarge a student's outlook on his life after graduation and acquaints them with the heritage of our literature.

Come and see me about that, later.

We Learn to Reason . . .

Mathematics is basic to the organization of all thoughts. Here at Pickney High School the Math Department is dedicated to keeping the courses up to date. Math classes are taken by students who desire to further their knowledge in this area. In our changing world, new principles and theories are introduced everyday.

While both mathematics and science progress by theories, science seeks to prove or disprove these theories. Discovery is slow and the world is still full of unanswered questions. Pickney High School's curriculum is made up of Biology, Chemistry, Conservation, Earth Science, General Science, Physical Science and Physics.

The Science Department's aim is to better prepare students to read and understand how people fit into the growing world of technology as well as comprehend the basic simplicity of life surrounding them.

About Other People . . .

Social Studies is a very important department in every high school. Here at Pinckney it is no exception. We have an enlightened Social Studies department and many fine teachers from whom we benefit. Social Studies helps us to understand the future by studying past mistakes and successes. Learning of the past helps us to understand the future and the future is in Social Studies.

To Grow Healthy Bodies . . .

Physical Education not only builds your body twelve ways, but boosts moral and school spirit. It builds coordination and skill. In a time of automation people are concerned with physical as well as mental development. Physical Education is fun and leads to a healthier and more active life.

Mrs. Andreson

Mr. Lincoln

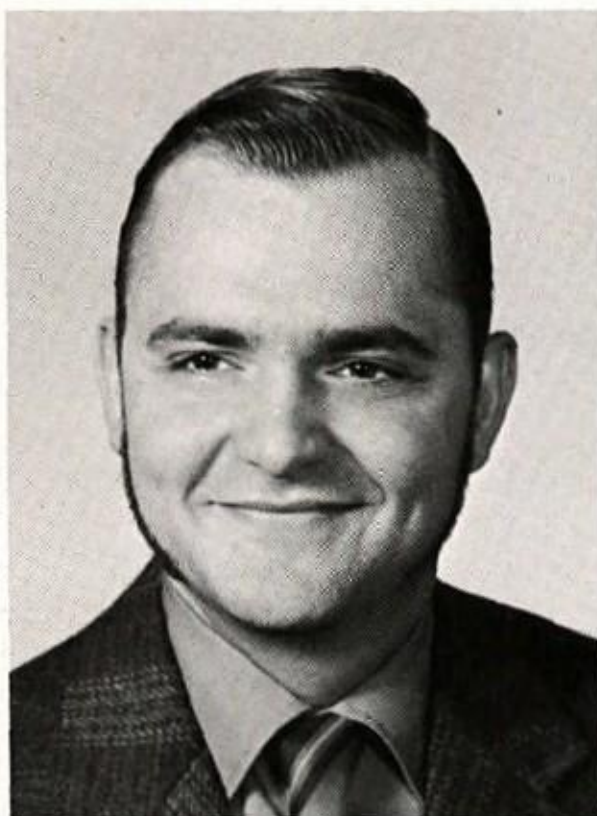

Stop that, cricket!

Fifth hour Phys. Ed. class ???

Mr. Nurnberger

Mr. Crumback

Mrs. Thomas

Get ready, get set, go!

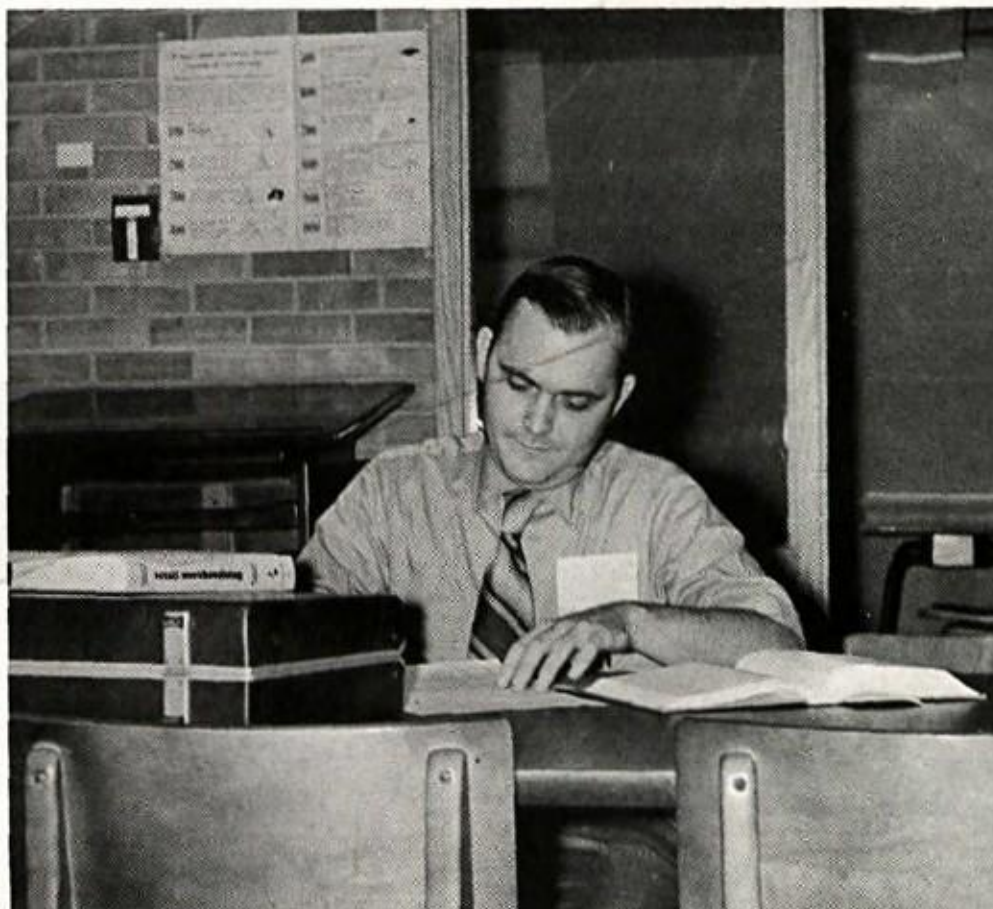

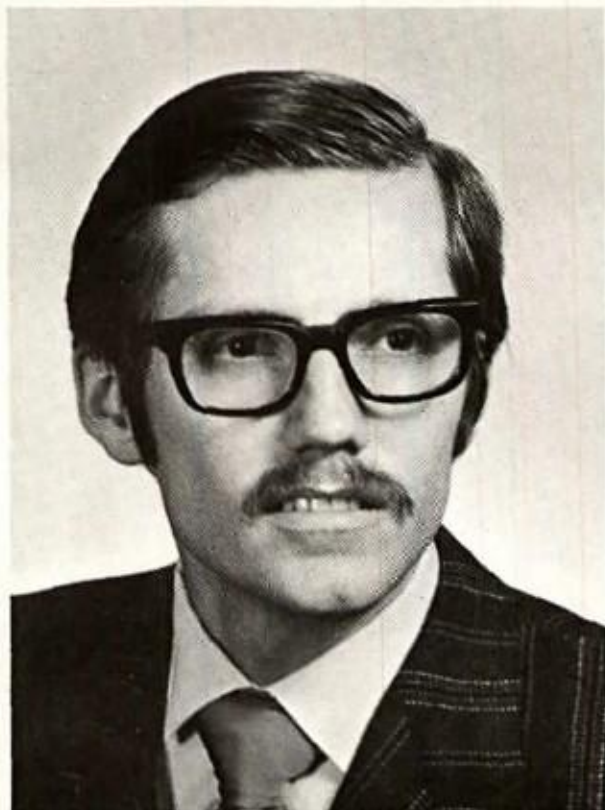

To Manage . . .

Here at Pinckney High School our Business Department is trying to keep us abreast of the present needs of the business world. The courses and the teachers' main objectives are to prepare us for employment after graduation and for entry into college business courses. We also have a co-op program which gives actual work experiences in these major areas of study.

Our Business Department teachers are Mrs. Thomas, Mr. Crumback and Mr. Nurnberger. In many of their classes you might see them clutching their faithful stop watches while their students are concentrating on their daily work.

A teacher's work is never done.

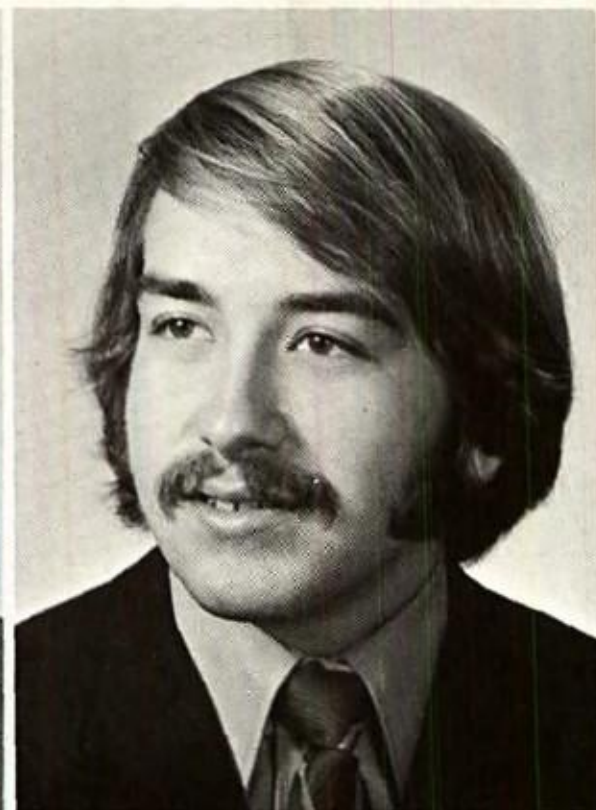

Mr. Ash

Mr. Blackford

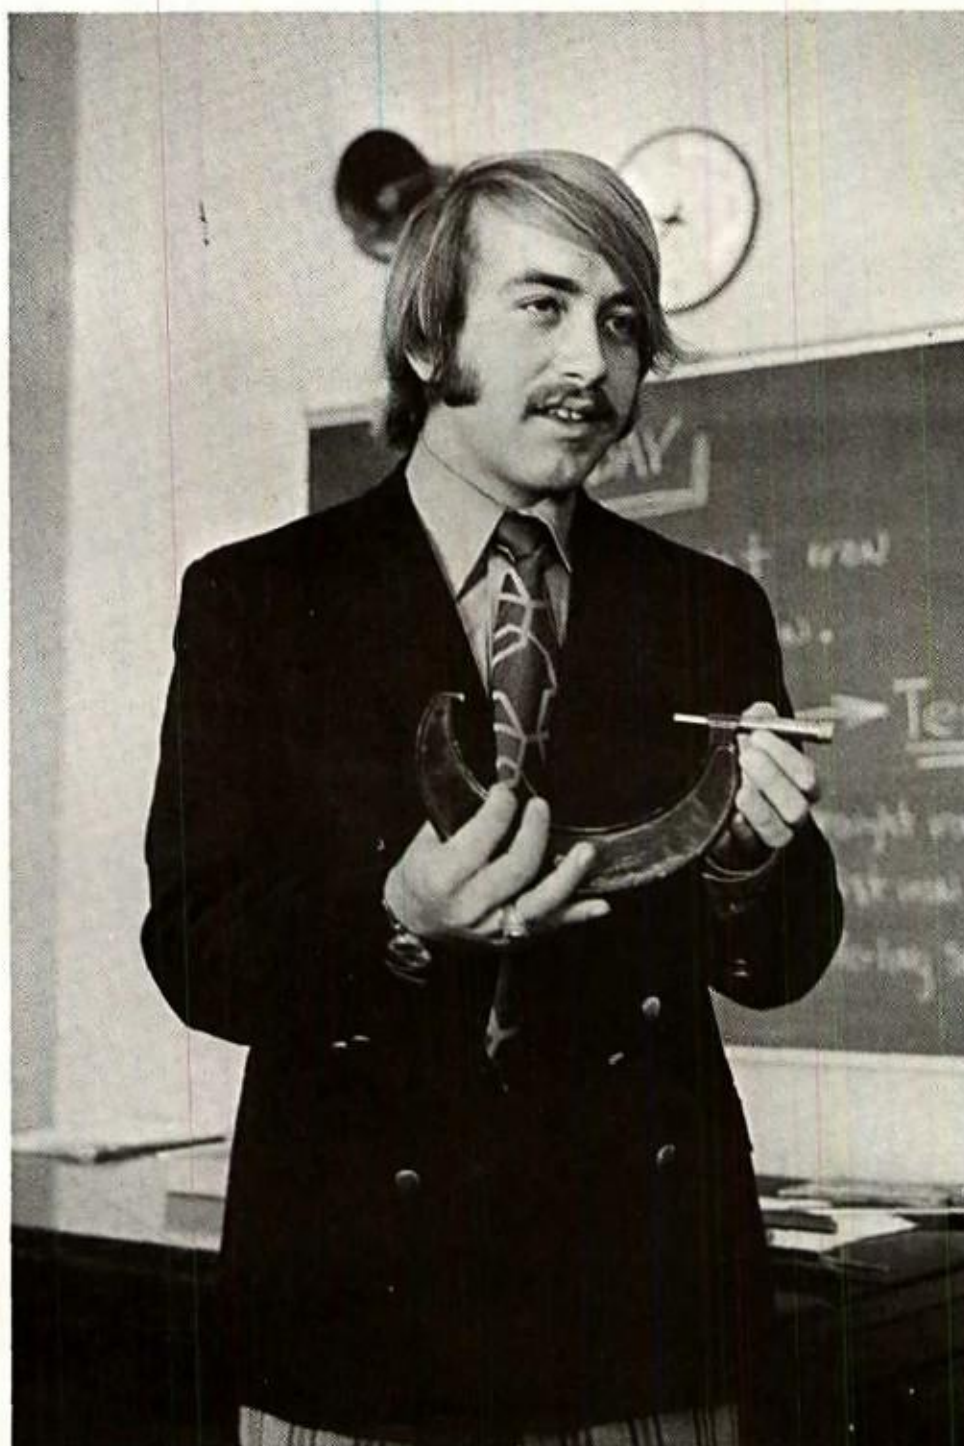

Mr. Burg

To Apply . . .

Here at Pinckney High we have a basic choice of Industrial Art courses to take. Electronics is aimed at teaching vocational skills for problem solving and it is also offered to provide a theoretical background to apply to other studies. The Wood Work class is a program orientated to teach students design and wood construction. To reach this end students are given assigned graded projects to finish. Mechanical Drawing class teaches students correct ways to draw up designs, blueprints and in turn understand other diagrams. The Metal Shop work: soldering, metal bending, and putting surfaces on metals.

Methodical? Meticulous? Erase it!

And I blew a bubble this big!

To Be Inventive . . .

Art and Home Economics are classes where students create and express themselves freely. These two classes are optional but the satisfaction and the pleasure you receive from them should provide you with ample reason to take them. We are provided with these classes so that we will be able to express ourselves after graduation with a pot, pan or a paintbrush.

Mrs. Lucas, our art teacher, has tried to show us how to use our artistic talents. As our home economics teacher, Mrs. Dickerson has helped us to develop by offering different types of domestic courses.

Well, Cathy, to be perfectly honest . . .

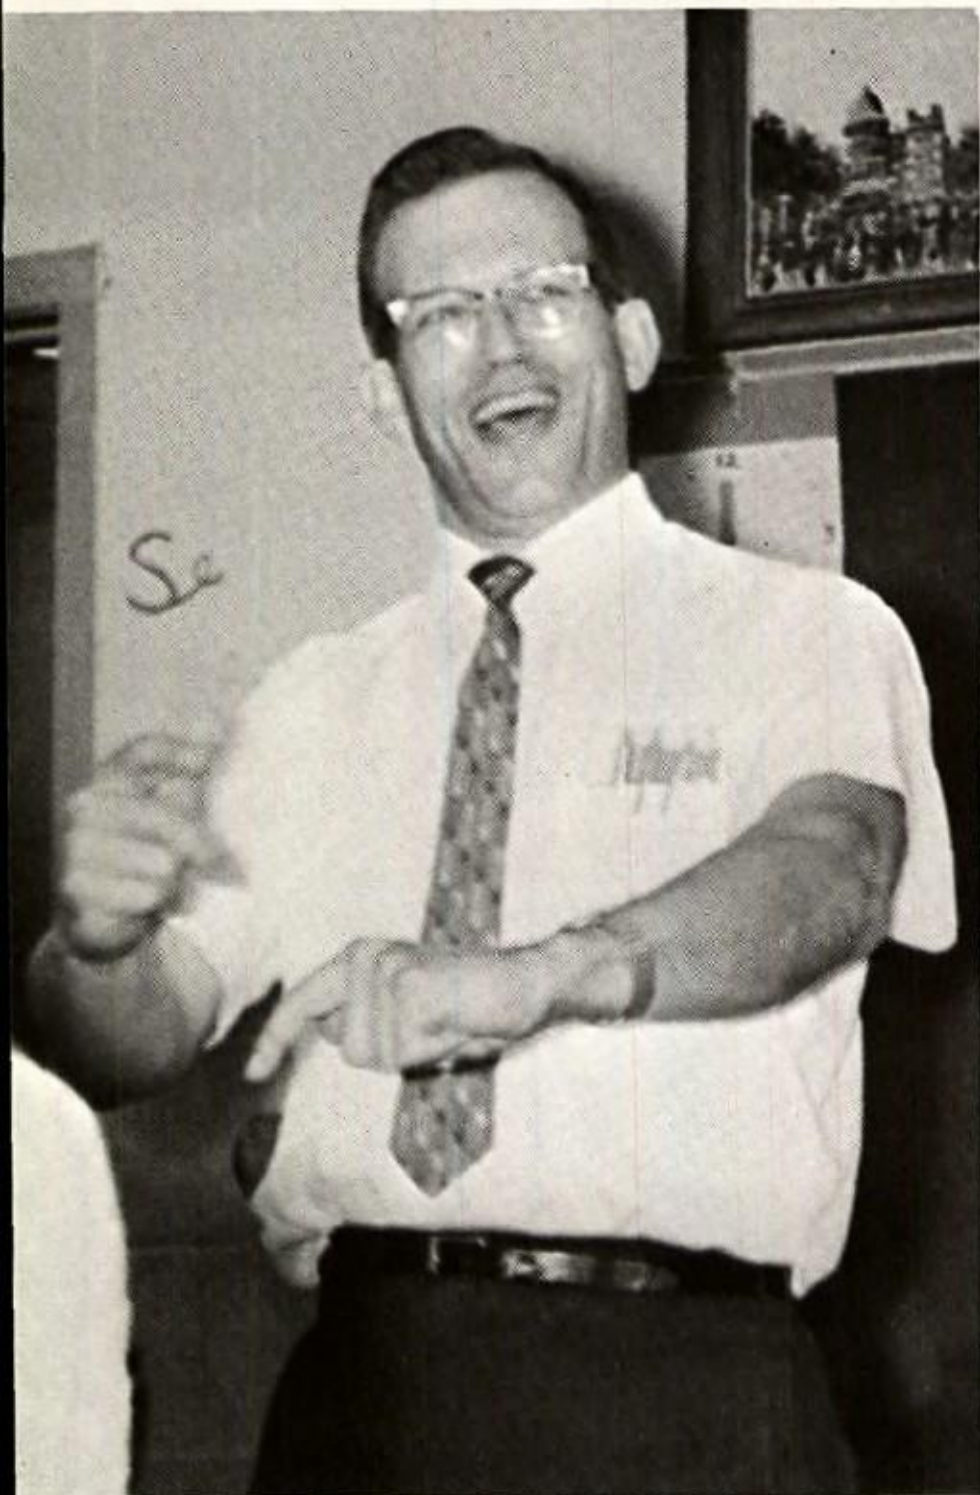

If I do say so myself . . .

Mrs. Dickerson

Mrs. Lucas

Marchons, Marchons !!!

"Hi Mom!"

You can always expect a friendly smile from Mrs. Osburn.

To Comprehend . . .

French and Spanish are the two foreign languages taught here at P.H.S. They help create a world of understanding by making the world appear smaller. Through the use of languages, students are prepared for a future of better comprehension. As students try to gain knowledge of the language, they discover that knowing the culture and history where it developed are also essential.

Get this thing off my hand!

Attending an afternoon Band practice.

To Enjoy . . .

The fun things in school come from band and chorus. Under the leadership of Mr. Napier, the band practices day after day to improve its skill. The band can be appreciated by all people for the time and efforts they put into their display during half-time at games.

Mrs. Swanson can be found in chorus. She works every-day to improve the few voices which are brave enough to try. Every year the chorus puts on a Christmas Display to show how well they learn harmony and key. Everyone should say thanks to Mrs. Swanson for all her help.

The Special Education Department headed by Mrs. Helen Miller has geared its efforts toward a vocational program. It teaches those skills which would be of help to the boy or girl going into a work situation right out of school.

Cool and Calm to a Very Hot . . .

This year the Pinckney Pirates proved something. They verified the fact that with hard work and gutty determination they could become a contending football team.

They were led by three of the most dynamic and influential coaches that ever blew a whistle, Mr. Tom Wilson, Mr. Mike Coughlin, and Mr. Gary Boyce. As the season progressed, the Pirates were like dynamite waiting to be ignited. Apparently the Dansville Aggies took the Pirate gridiron men too lightly, and were bombed 66-8. This we are sure is only the beginning, and that scores like these will continue into next season.

Coaches Coughlin and Wilson enjoy a well deserved victory!

Fear No More

The Junior Varsity Pirates in "70" were a fine group of athletes. Even though hard hit with injuries to key personnel, they fought courageously to become winners. Long and diligent practices under difficult weather conditions were a prime factor to their climactic 20-0 whitewashing of the Aggies from Dansville. Coach Nurnberger and Coach Haskins worked unendingly with this gifted group of freshmen and sophomores, and at the season's end, many more of them could say, "I am a football player," than ever before.

To Be or Not To Be

The flashy attire worn by this year's Varsity Basketball team was a welcome addition to our school. It made our team stand-out, as it should in the halls as well as the classrooms. Their handsome suits symbolized their unity and foreshadowed their sharpness on the court.

Coached for the third consecutive year by Mr. D. J. Lincoln, the team proved that hustle and desire could provide exciting basketball and a successful season. Although not blessed with a "super giant," the determined Pirates worked hard to make their team a precision unit, and before the schedule had expired more than one weary opponent had succumbed to the tenacious play of our squad.

"Foul Shot"

by Edwin Hoey

With two 60's stuck on the scoreboard
 And two seconds hanging on the clock,
 The solemn boy in the center of eyes,
 Squeezed by silence,
 Seeks out the line with his feet,
 Soothes his hands along his uniform,
 Gently drums the ball against the floor,
 Then measures the waiting net,
 Poises the ball on his right hand,
 Balances it with his left,
 Calms it with fingertips,
 Breathes,
 Crouches,
 Waits,
 And then through a stretching of stillness,
 Nudges it upward.
 The ball
 Slides up and out,
 Lands,
 Leans,
 Wobbles,
 Wavers,
 Hesitates,
 Exasperates,
 Plays it coy,
 Until every face begs with unsounding screams—
 And then

And then

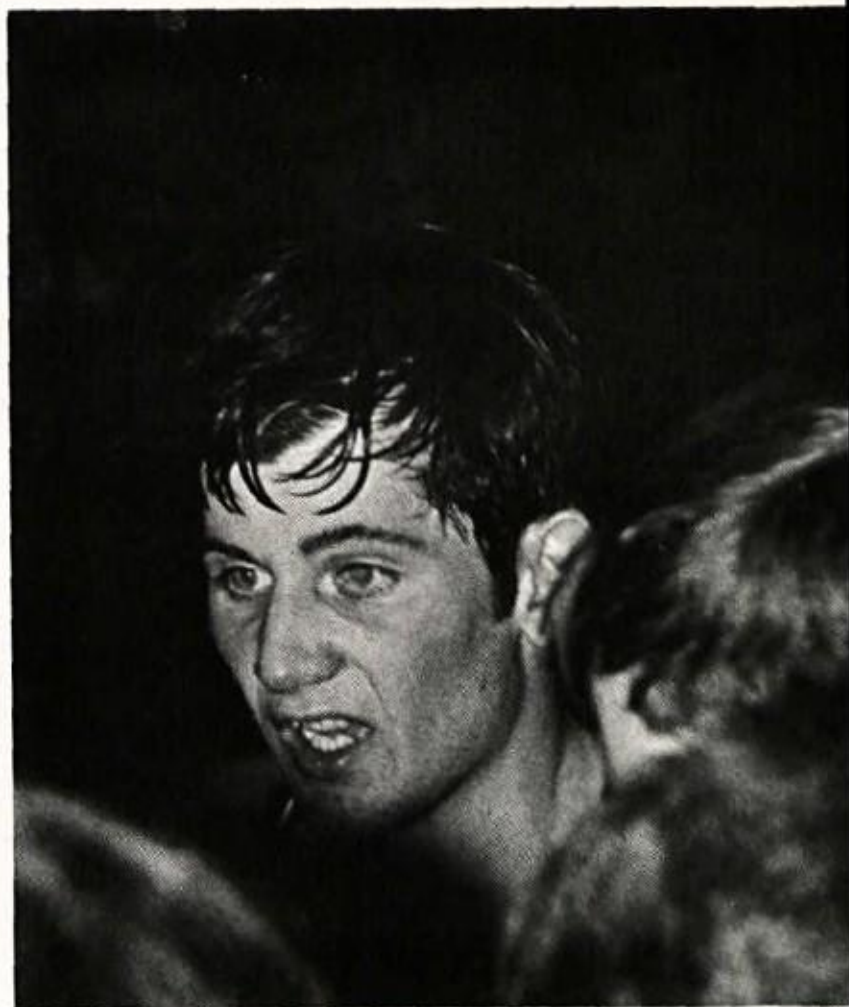

And then,
 Right before ROAR-UP,
 Dives down and through.

George surveys the situation.

This season's Junior Varsity Basketball squad, coached by Mr. Nurnberger, was a fine group of ninth and tenth grade boys who worked diligently to improve their shooting, dribbling, and passing skills. Their exciting style of play enticed many area Varsity fans to arrive early to see what the youngsters had to offer and hardly ever were they disappointed. An outstanding future may be seen for these fine athletes who have proven their abilities in performance.

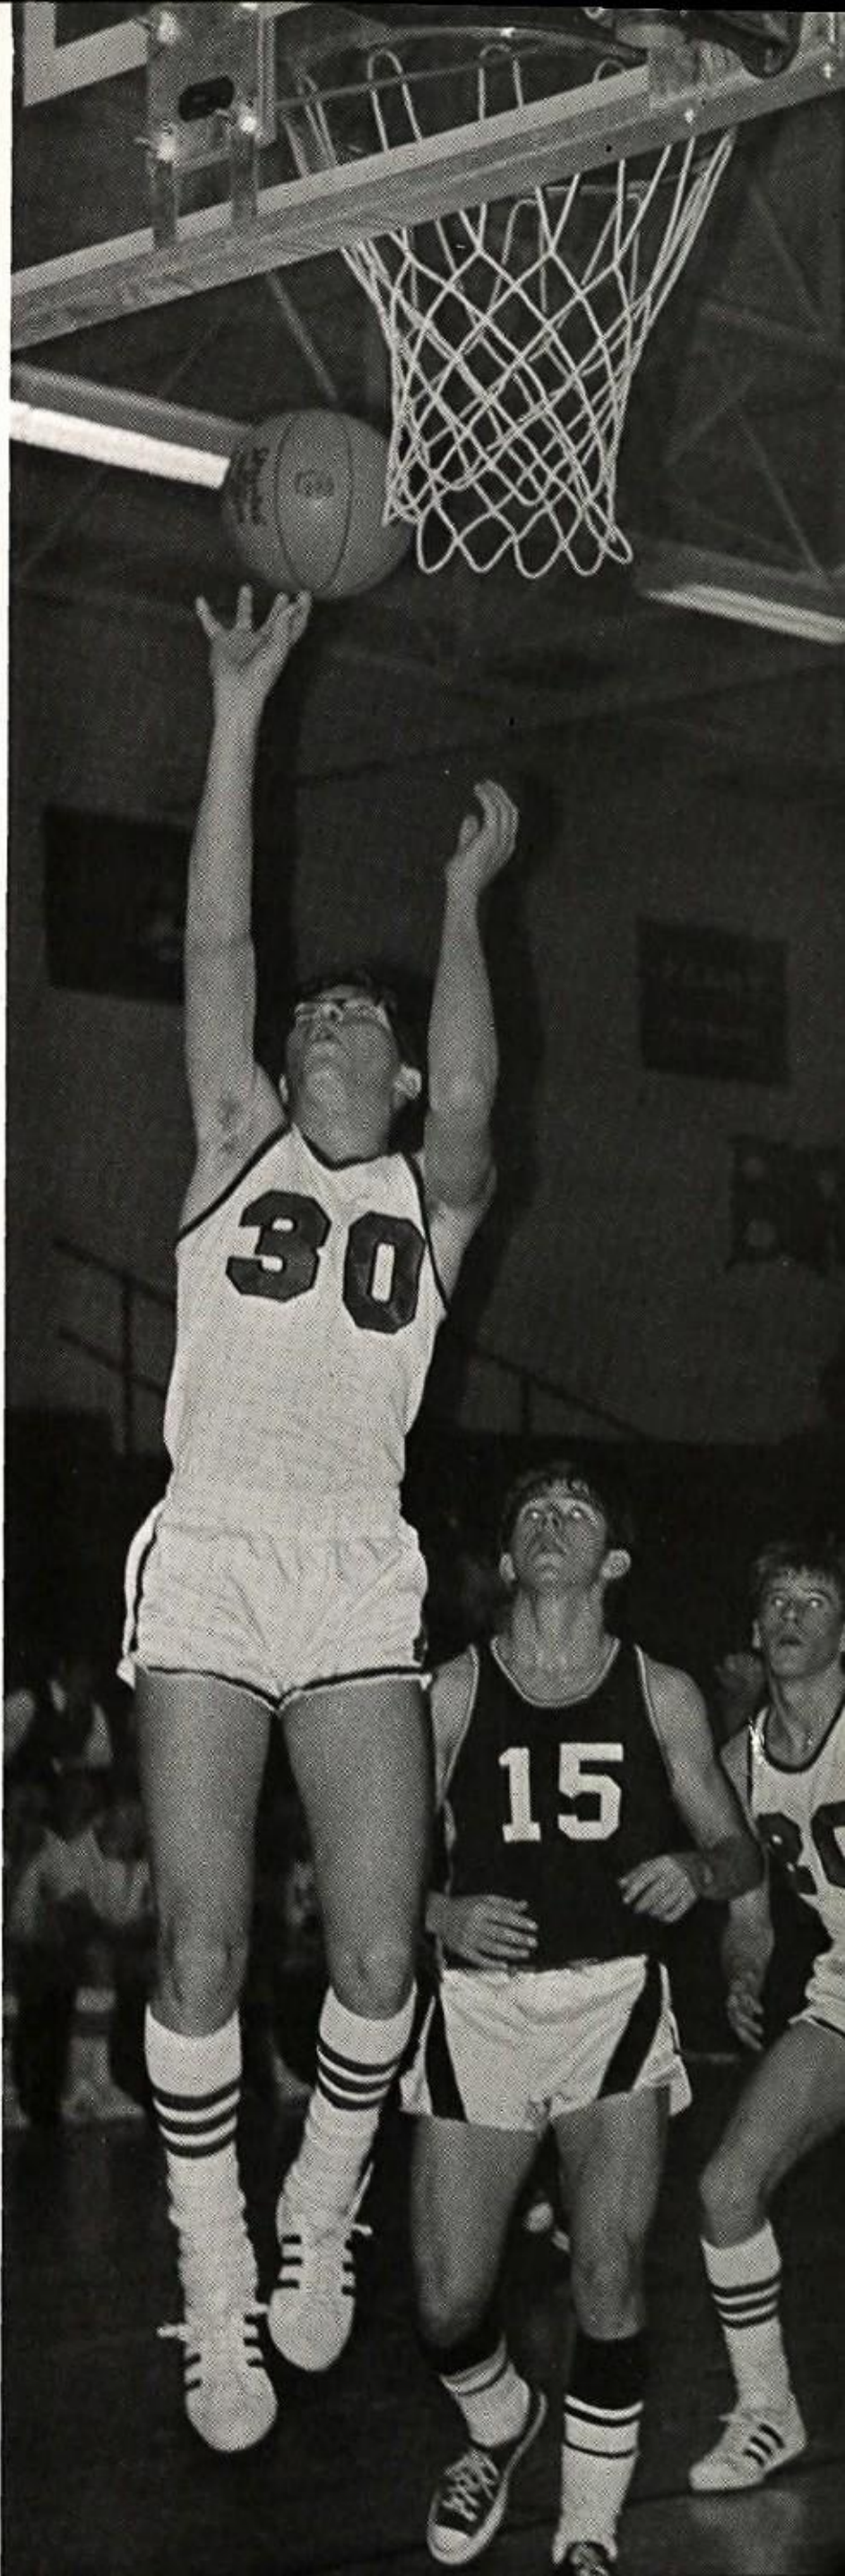

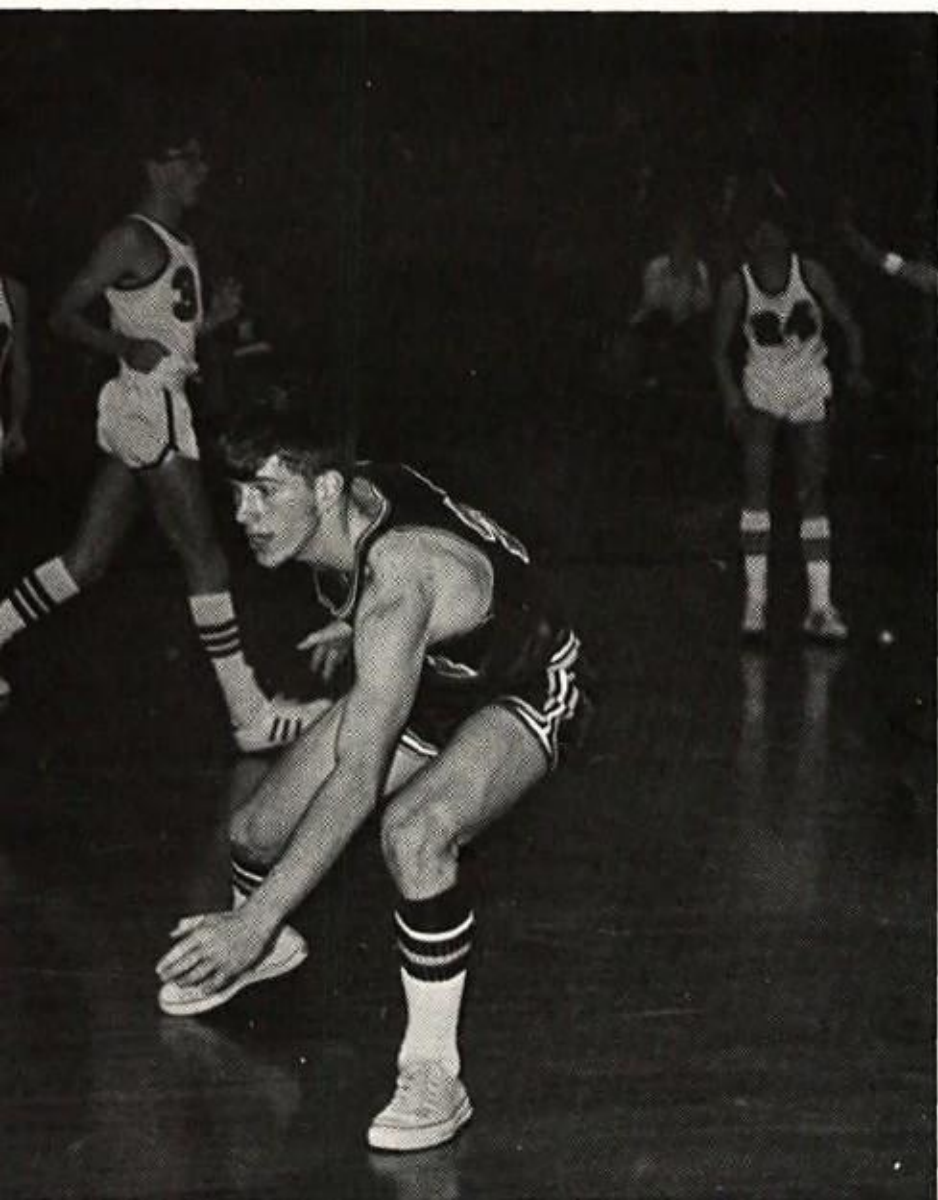

Coach Nurnberger

Big Time

Off the hardboards, through the hoop.

Notorious Nine

Freshmen Basketball is comparable to baseball's minor leagues. It readies the awed youngster to face the tough competition found on the higher level. It forms many of the skills he will carry through his playing career, but most of all, it prepares the young ballplayer to be mentally alert and physically conditioned.

Our freshmen team, this season coached by Mr. Davis, progressed greatly in all these areas. They worked hard on developing into a unit that would provide thrills and excitement for all their spectators, while at the same time won some ballgames.

Although perfection wasn't always reached, and it rarely is in sports, the future looks bright for the "hustlers of '74'."

Here's How It Goes

"The Red and Black, the Red and Black forever . . ."

The spirit of this year's talented group of cheerleaders was overwhelming. They never gave up in their efforts to support the Pirate sport teams. They practiced tirelessly to produce beneficial pep rallies.

Sponsoring the Varsity squad was Mrs. Andreson, while Mrs. Evans and Mrs. Osburn tutored the Junior Varsity and Freshmen groups, respectively. At all our games, the cheerleaders represented our school in a manner of which we should be proud. Also, they set a fine example to be followed in future years.

The Crowded Hour

The gun raises—"Ka-boom!" You're off. The leaves crackle beneath your feet and the crispness of the autumn air brushes your face with an incentive to win. To win for a great school, Pinckney High School.

Coached this year by Mr. Wes Hanson, the Pinckney Thinclads finished a fine third in the league meet. But what

was said to be the high point of the "70" season was thrilling second place finish in their own invitational that fired up the entire school.

In addition, Haskiel Brown had an outstanding year, finishing 8th in the regional and 38th in the state finals.

The upcoming season was approached with optimism by our two coaches, Mr. Wilson and Mr. McConnell, while the team itself was excited about its chances in league competition. The returning lettermen and determined rookies were hopeful of developing a squad that would challenge for the league championship.

Grappling for a Trophy

Wrestling is a sport in which each time you step out onto the mat a determined effort is necessary to defeat an opponent. Every muscle in your body is required, as well as a knowledge of the moves.

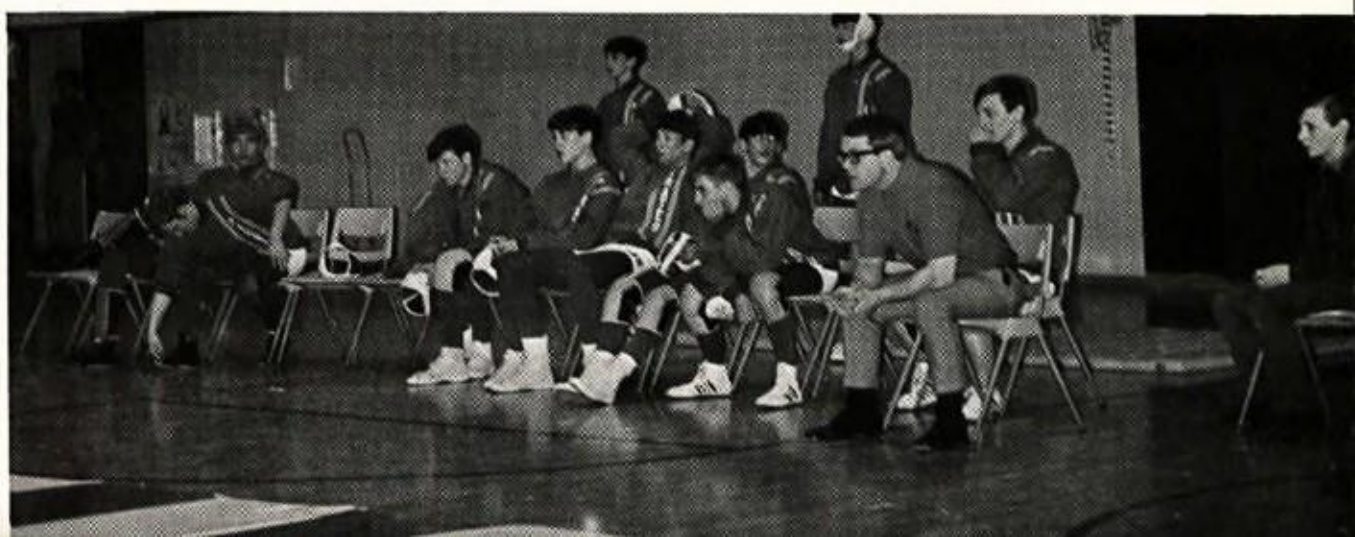

During the 1970-71 wrestling season, Coach John Hand and his arm-twisters fought some devastating odds which would have discouraged a less dedicated bunch. Faced with a lack of able-bodied veterans, they were forced to bring up some promising, yet inexperienced underclassmen, who performed well under the pressure of Varsity wrestling.

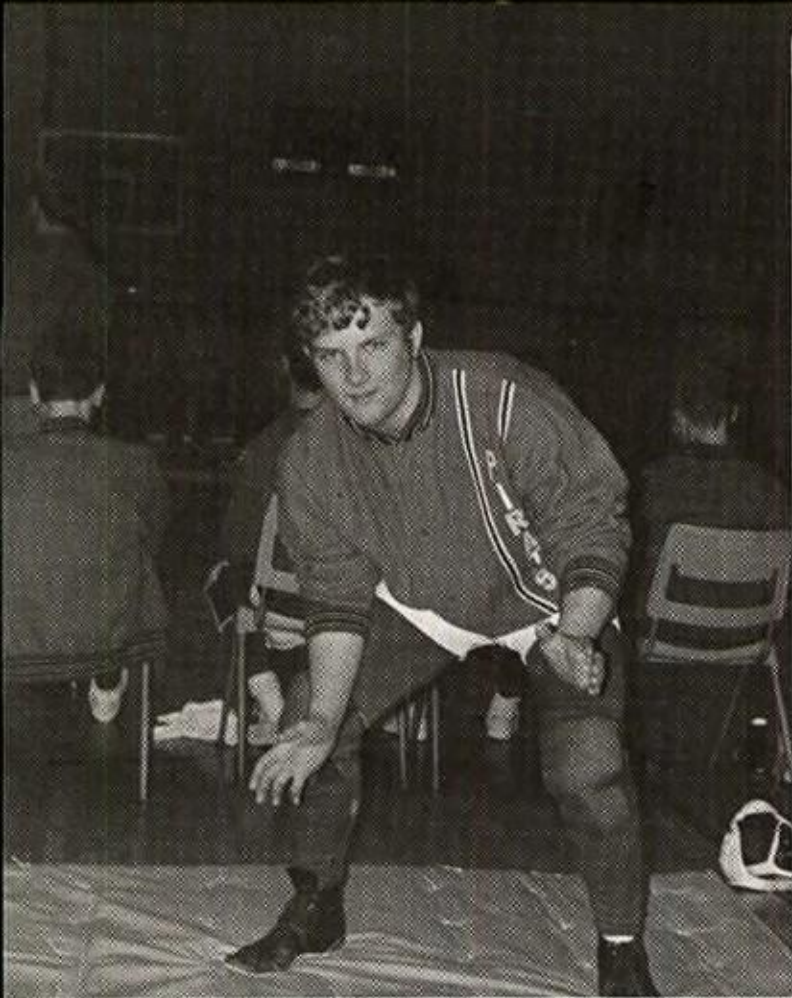

The future looks bright for a hard-nosed group of young men determined to wrestle for victory.

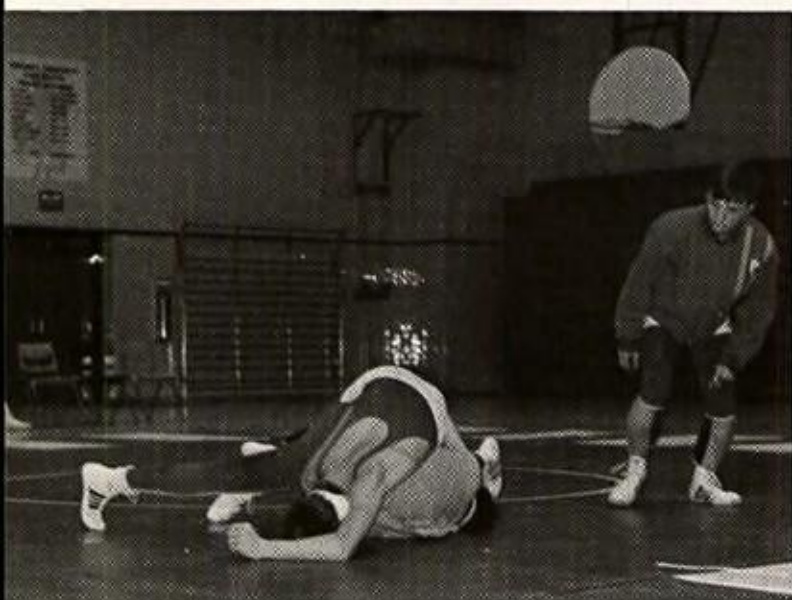

Coach Hand shouts out helpful instructions.

The team watches a fellow wrestler's match.

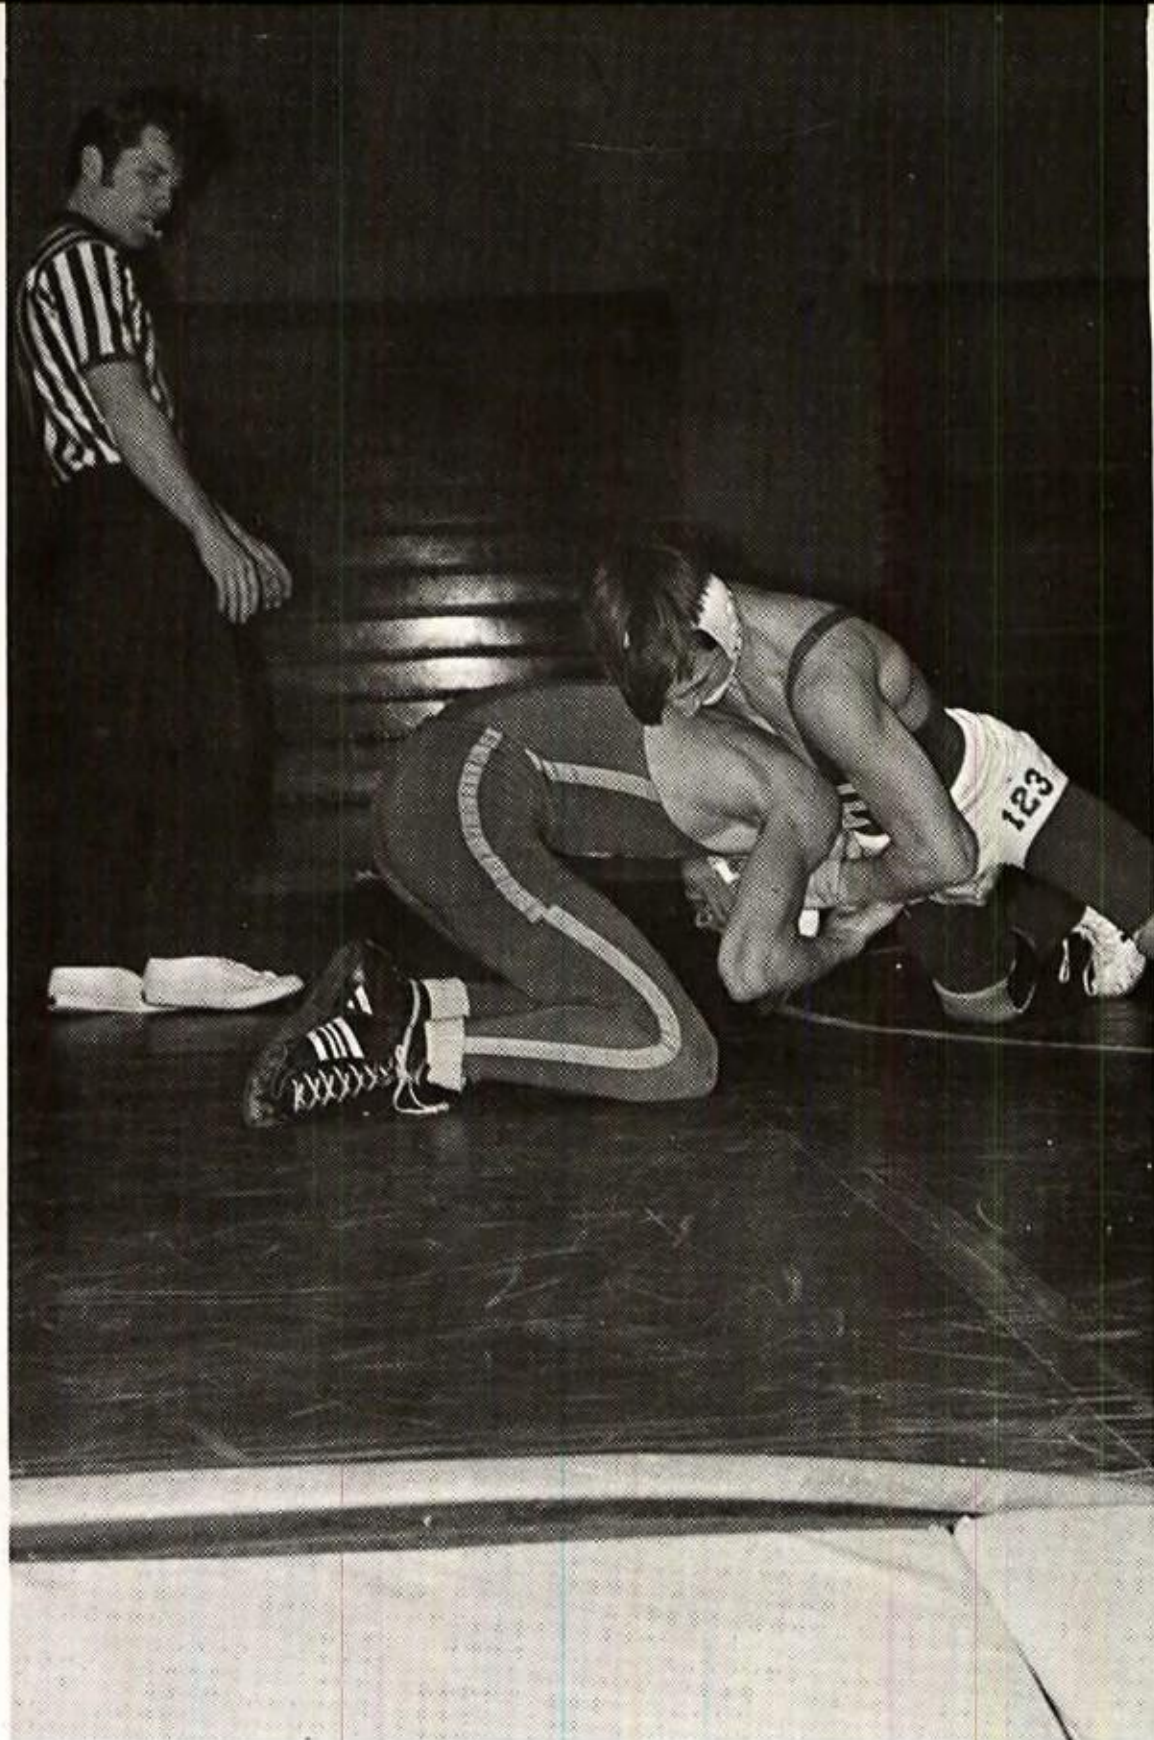

Pat in a pre-match warm-up.

Charboneau on his way to a pin.

Warm-up is an important part of wrestling.

Out of Sight

The young golfer's swing showed power and his graceful follow-through seemed almost effortless while the tiny ball shot through the air and decreased in size as it gained height.

Golfing isn't always this easy. In fact, sometimes it is so frustrating that people disfigure their clubs in anger, but with practice these instances can be reduced. From and skill are the keys to a good golf game and what every golfer strives for.

Mr. Hand, coach of this year's team, had some fine material to work with in returning lettermen Bill Beasley and Bill Meyers, only to mention a couple.

Chip, chip.

Curves Are Tricky!

The 1970 Varsity baseball squad had a successful season. With the help of a fine coach, Mr. Reader, many of these returning lettermen and promoted J.V. men will enhance championship possibilities for 1971.

Along with other sports, baseball is changing, and with

Coach Reader

change it is making revolutionary moves, one of which will include High School tournament play throughout the state of Michigan. Hopefully our Pirates will be battling for victory in this the playoff's initial season.

One's classic pick-up.

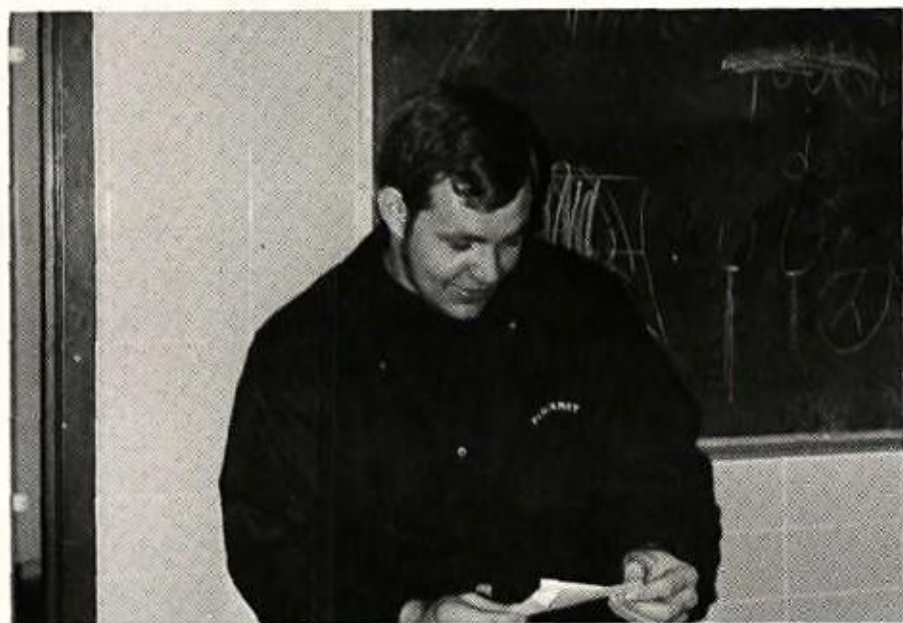

Pitching true to form.

Batter Up!

What did the Junior Varsity baseball season hold? It held a towering home-run which meant a victory, or a fabulous diving catch made by an outfielder that saved a win, or a great backhand stab of a vicious grounder which wrapped up a game.

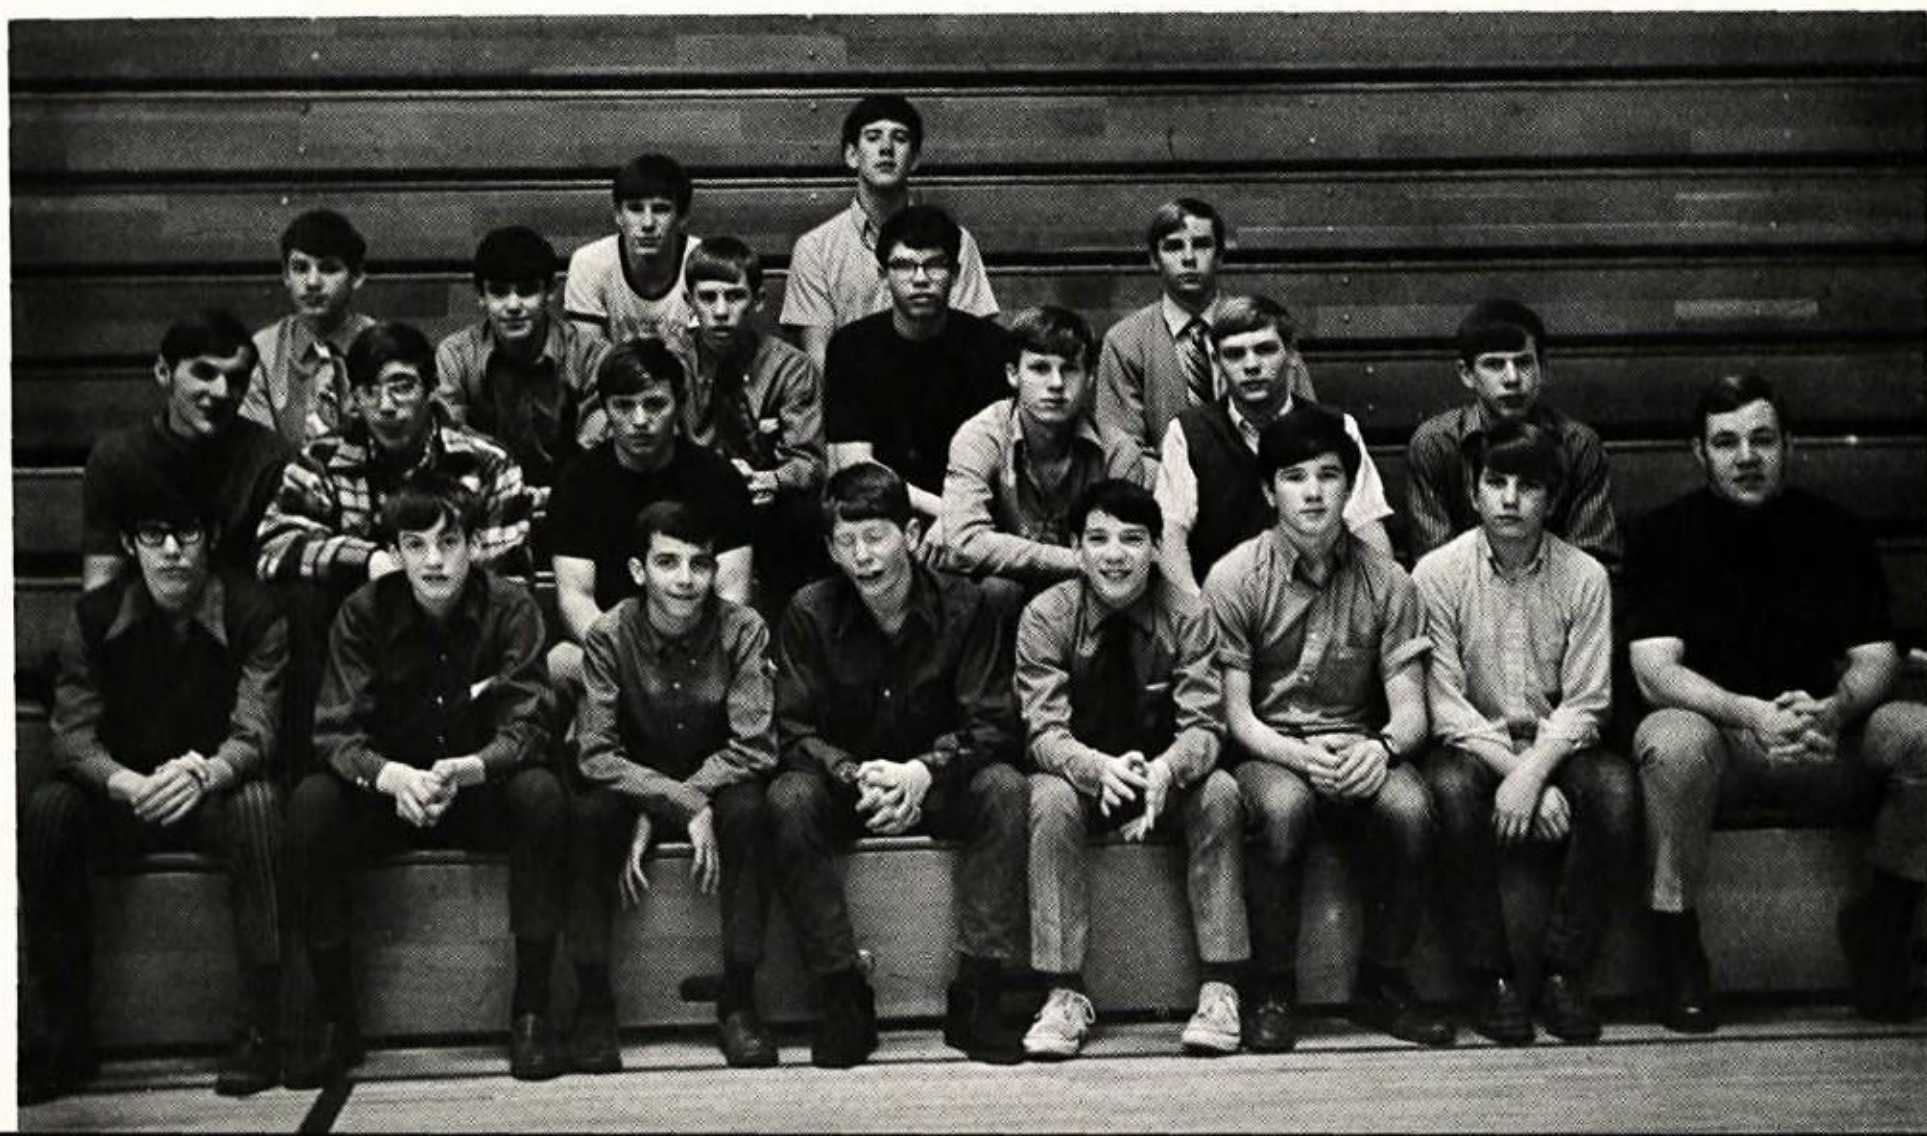

All these things were part of the thrilling kind of baseball that the Junior Varsity fielded this season. Coached by Mr. Coughlin, these young men took to the diamond ready to play the style of ball that Pinckneyites enjoyed seeing. Hustling, scrapping, but most of all, winning baseball.

Intramural what?

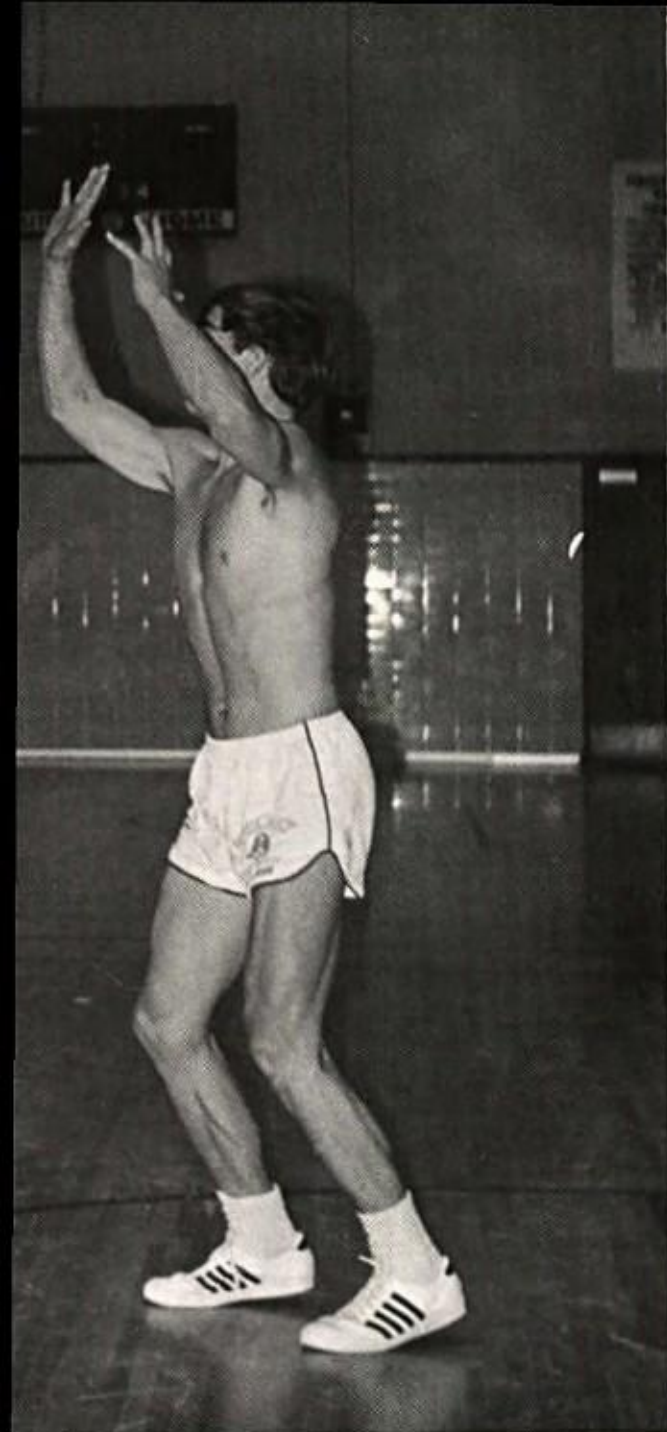

For Those Who Try Harder

Intramural Basketball, developed last year by Mr. Wilson, was a fine program in which athletes not involved in winter sports participated in Saturday afternoon league play.

Sponsored this year by Mr. Nurnberger and Mr. McConnell, Intramurals consisted of a six team conference made up of nine players on each team. The team names were humorous and often a subject of conversation. Some notable ones from last year were "The Rinky Dinks," "The Golden Gophers," and "The Floorburns."

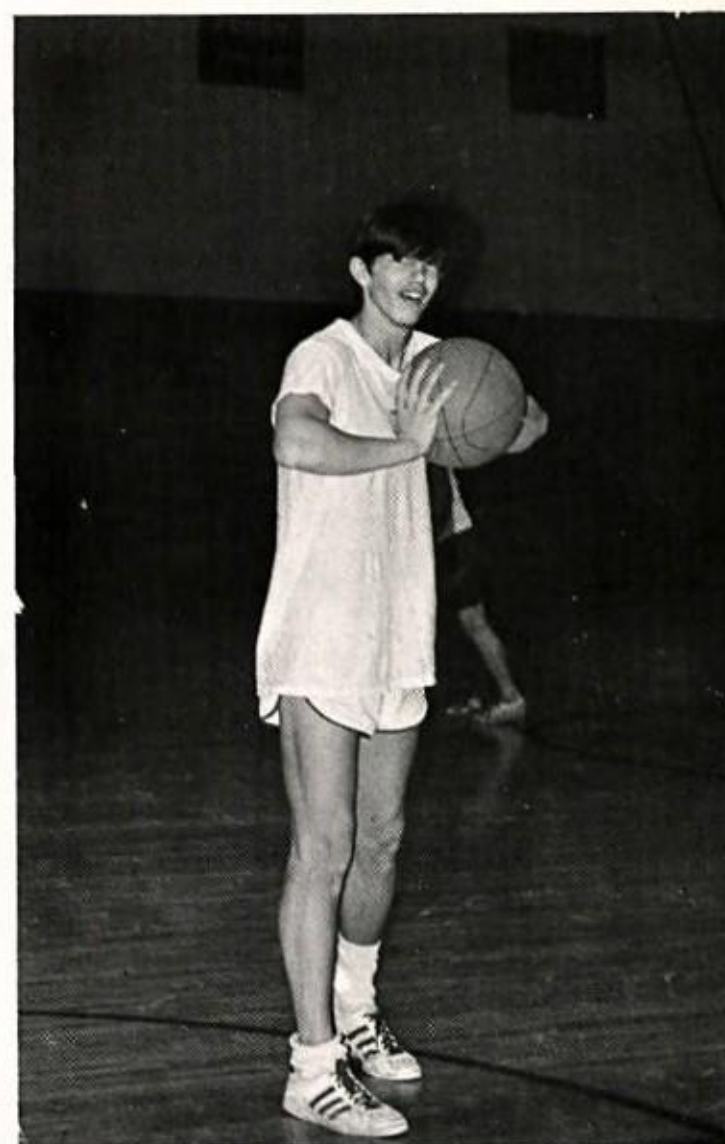

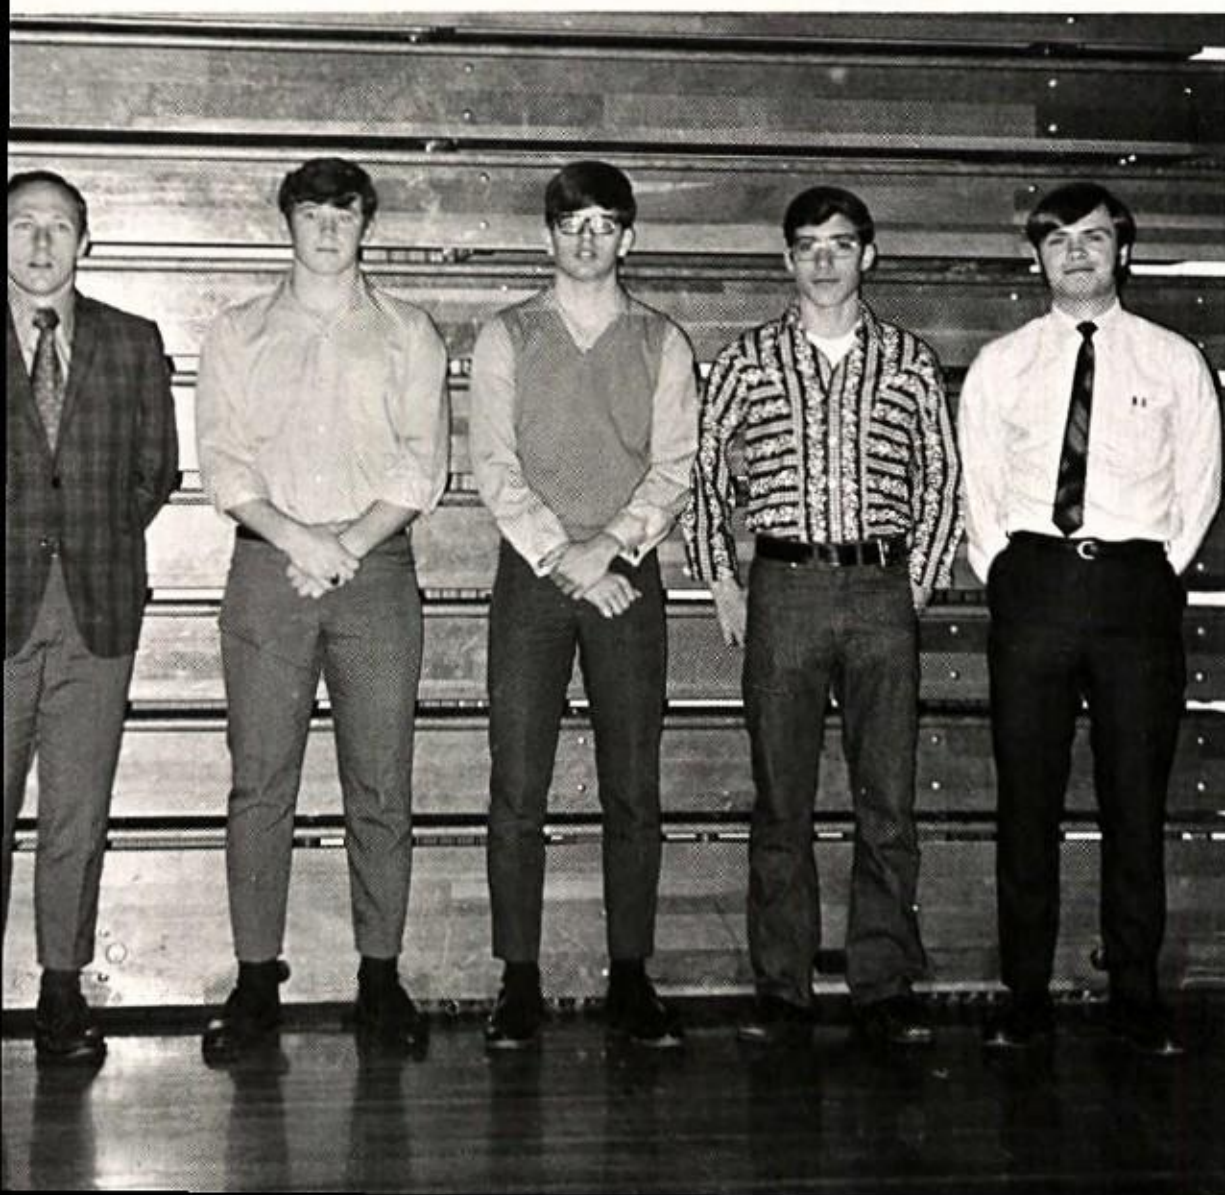

The basket is good!

Brave New World

This year the girls, sponsored by a tireless Mrs. Andresen, performed admirably as they represented our school in such activities as basketball, volleyball, baseball, cross country, bowling, and track. It wasn't unusual to hear hall conversations and classroom quibbles centered around how good the girls were, and how they compared to the boys' program.

As far as playing other schools is concerned, the significance lies not in how many games or meets they won, but how they promoted athletic interest in this, their first season of regular competition.

Organizations

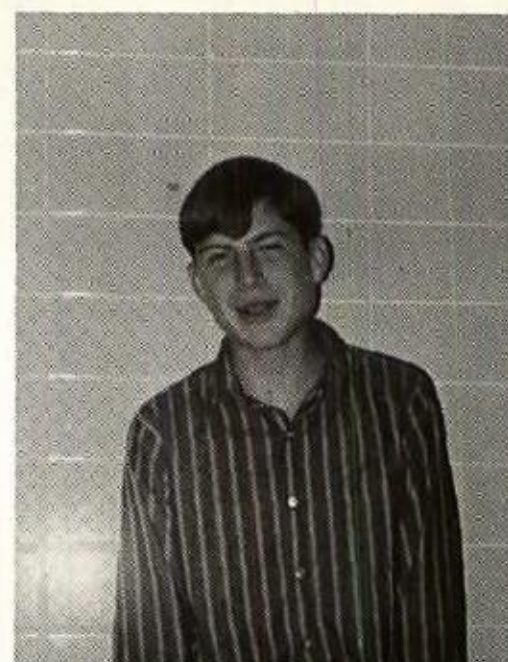

Here Yea!

Our 1970 Student Council, led by President Joel Burg and sponsored by Mrs. Helen Miller and Miss Keenan, made the school year an enjoyable one. It made possible such events as the "Bloody Truth" assembly, a "Tumble Twister," a "Christmas Decoration Contest," and a "Christmas Assembly." Student Council should also be commended for the fine job on the Homecoming ceremonies.

On the political side of things, they passed the petition which let the students out of the lunchroom and were able to get it approved by the front office. Also, they revised and updated their constitution. The students of this school owe a debt of thanks to all the workers in student government for a job well done.

"The object of this chapter shall be to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to encourage development of character in students of Pinckney High School."

The P.H.S. National Honor Society, sponsored by Mr. Davis and led by President Tom Shehan, involved itself with such activities as tutoring, supporting children, and setting up a scholarship fund.

F.T.A.

PHYSICAL VITALITY: I will try to keep my body well and strong.

MENTAL VIGOR: I will study daily to keep my mind active and alert.

MORAL DISCRIMINATION: I will seek to know the right and live by it.

WHOLESOME PERSONALITY: I will cultivate in myself goodwill, friendship, poise, upright bearing, and careful speech.

HELPFULNESS: I will learn the art of helping others by doing helpful things daily in school and home.

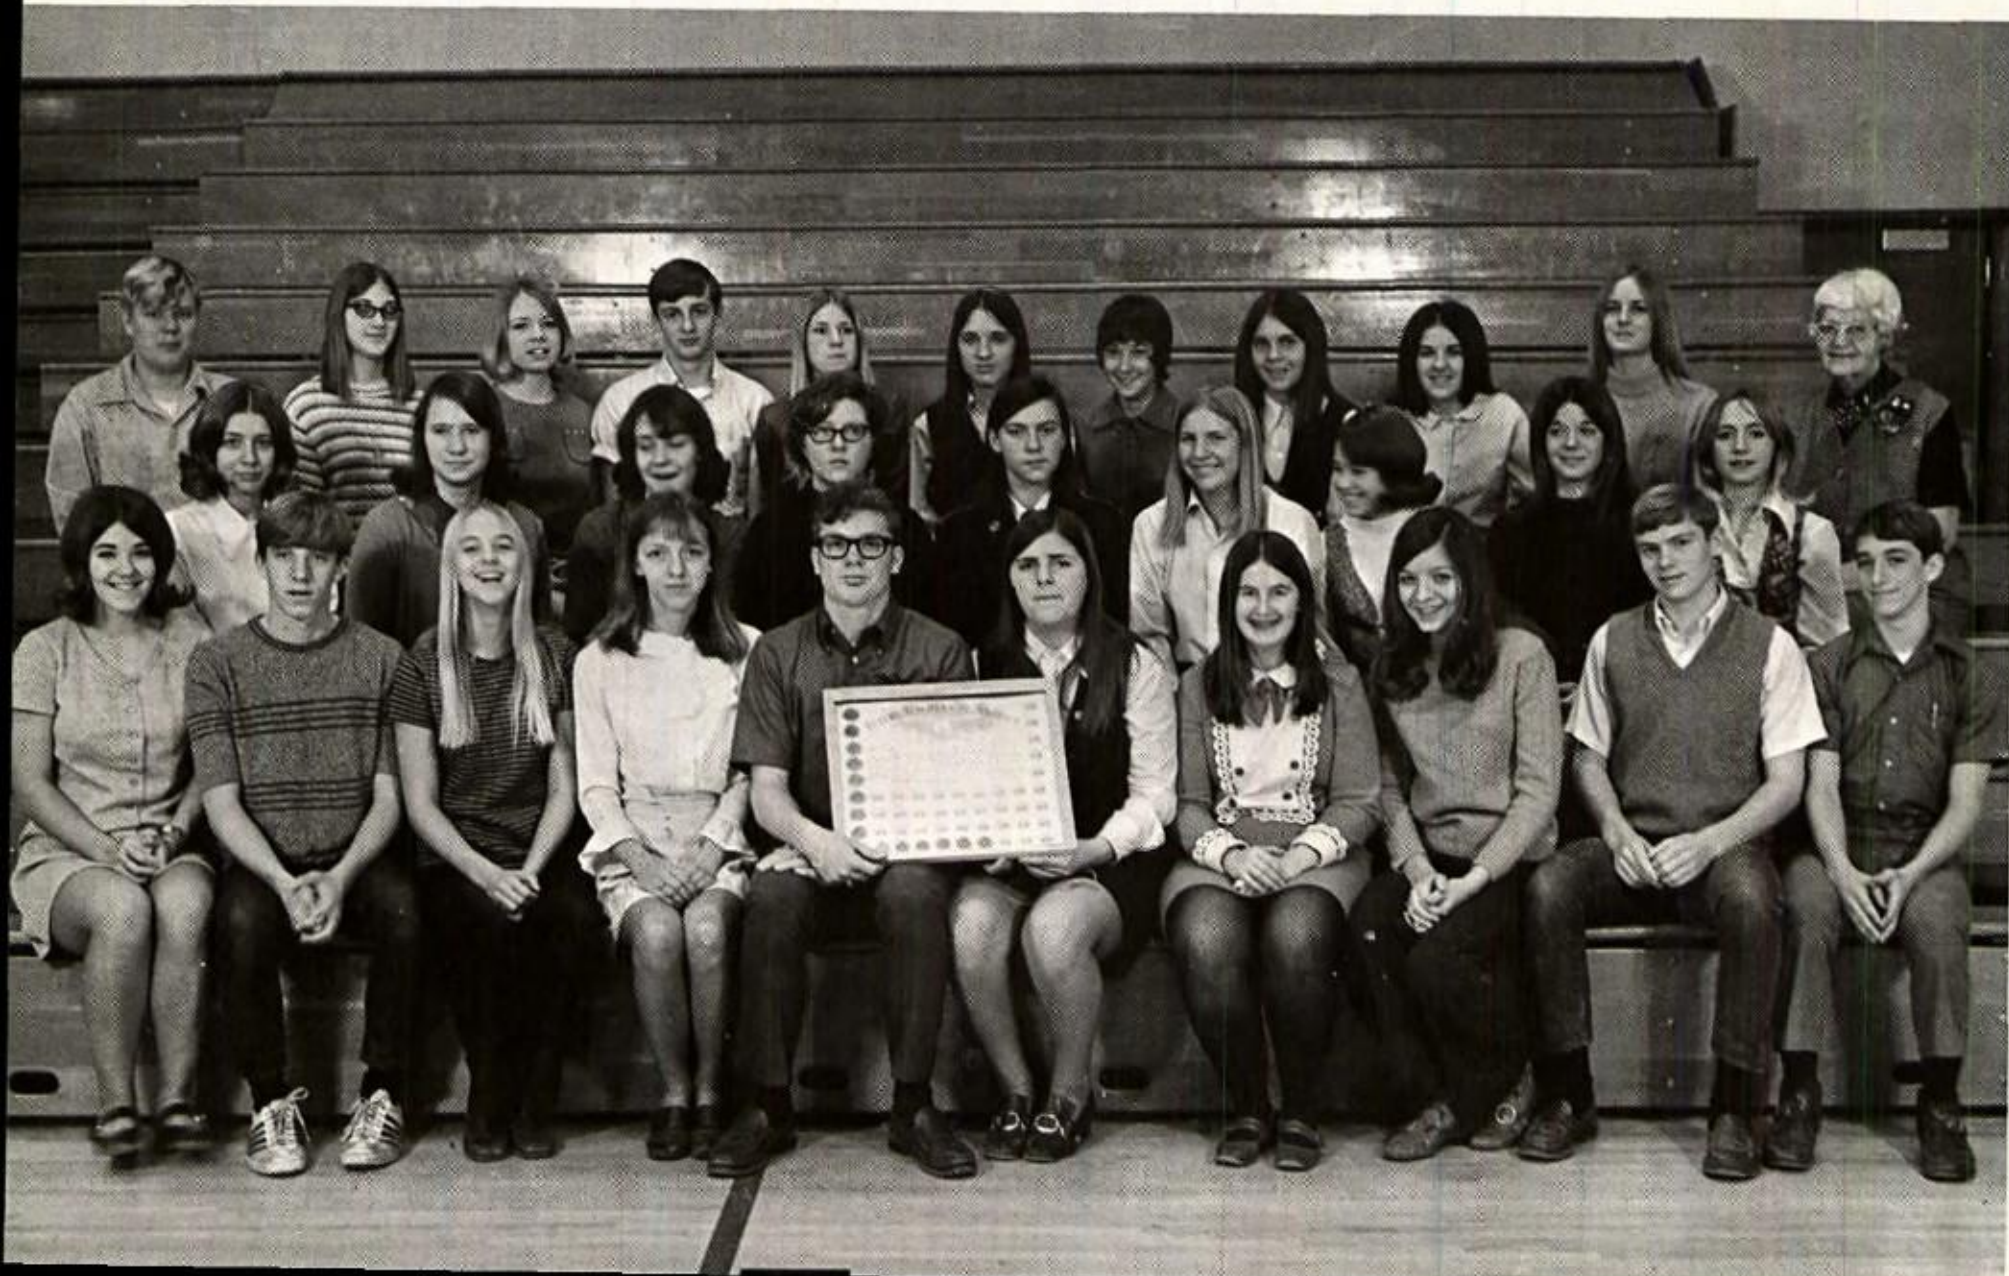

KNOWLEDGE: I will fill my mind with worthy thoughts by observing all that is beautiful in the world around me, by reading the best books, and by association with the best companions.

LEADERSHIP: I will make my influence count on the side of right, avoiding habits that weaken and destroy.

These things will I do now that I may be worthy of the high office of teacher.

F.H.A.

The Future Homemakers Association is a national as well as state-wide organization whose membership may include boys as well as girls, a seemingly unknown fact in our school today.

Its purpose is first to serve its members as a social outlet; secondly, to aid needy families during the holidays; and thirdly, to promote the study of Home Economics.

Under the capable leadership of Mrs. Dickerson, the F.H.A. sponsored money-making projects such as a Tupperware Party, a dance, and a sale of cookbooks. The profits from these events went toward buying new equipment for the Home Economics Department.

Of Strong Will

Prestige, honor class . . . are all invaluable reasons for wanting to be a Varsity Club member. To qualify for induction you must earn a Varsity letter in any of the seasonal sports. Then you must have a strong will and an iron stomach to struggle through the initiation ceremonies. Led by their sponsor, Mr. Hand, the Varsity men shower the initiates with various gifts of welcome, and before they're through, Burp!

After surviving this, you are a Varsity man.

This year Mrs. Andresen sponsored the Girls Athletic Association. Their group was mainly concerned with the participation in sports within our school. They had various activities throughout the year, that included a little sister night, a pajama party, and a mother's night. The success of this group may be easily summed up by looking at the large amount of interested girls who involved themselves in athletics.

Lines of Fine Work

The 1971 Art Club.

The members of this year's Art Club, sponsored by Mrs. Lucas, were of great help to every part of daily school life. An interesting fact is that they involved themselves not only in fine arts but also in other phases of cultural development, such as dancing and drama.

Led by President Pat Ettig, the club's twenty members were hopeful of visiting some art galleries. While in school, their main activity was painting props for school plays.

Pres., J. Keiser, V.P., M. Stibbles, Sec., B. Reed, Treas., S. Kitson.

Are You Ready to Care?

Merrie and Nita get the games ready for Maxey's.

This year's edition of the Care Club was once again a tribute to our school. Sponsored by Mrs. Swarthout and led by President Jan Keiser, the club's main project was to send the Boys Maxi-Training School in Whitmore Lake games and ski-bands. They had a Christmas drive for food and clothing but their overall involvement extended the year-round.

There's always time for a joke.

New this year in our school was a group of girls who helped create friendship and aided others. With the able guidance of Mrs. Helen Miller, the nine members this year did an outstanding job in promoting helpfulness and togetherness.

As far as activities were concerned, they discovered a rather unique fund-raising idea, in which they sponsored a "Faculty Talent Show."

Plunge in

The problem of pollution is becoming more hazardous to everyday life. A gust of exhaust fumes brushes over your face as you cross a car loaded street; a cloud of smog lowers in on you as you enter a crowded city; and papers blow endlessly all around.

The Pinckney High School H.E.L.P. Club is an organization concerned with solving these problems. Sponsored by Mr. Hanson and led by President Dave Stoodley, this group attempted to reduce environmental pollution in the area and hopefully they succeeded.

Campus Life

The 1970-71 Campus Life Club.

Campus Life was a gathering of Christian young people whose chief purpose was to make a complete person. In so doing, they worked mostly on the four basic divisions in life: social, mental, physical, and spiritual. They attempted to create a balance of these four in all their members.

Their advisors were Mr. Henry and Mr. Davis, but the meetings were conducted mostly by Mr. Lawrence Burek and Miss Louise Wilson from the Ann Arbor "Youth for Christ" chapter.

The meetings are always constructive.

The 1971 Spanish Club.

¿Como Está Usted?

El toro!

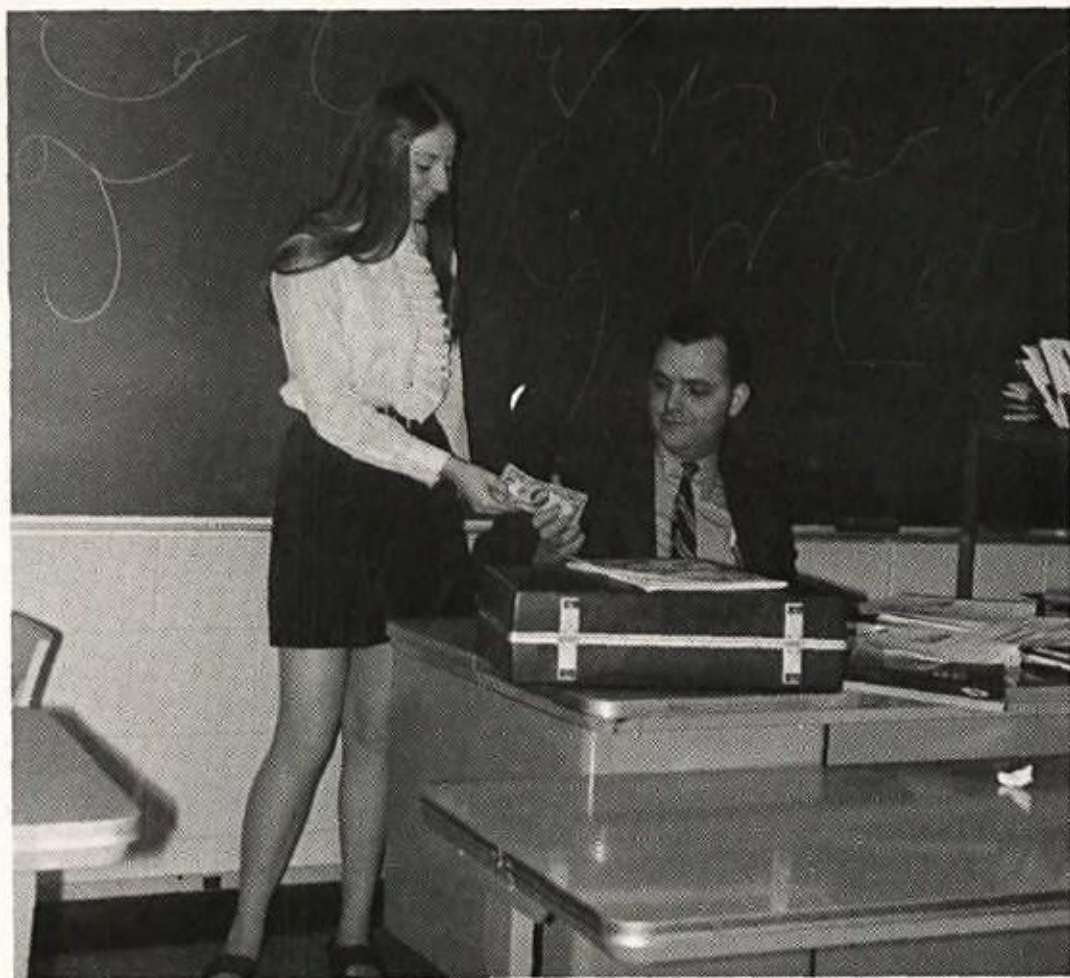

This year's Spanish Club was sponsored by Mrs. Osburn and during the year operated around the idea of enjoying the Spanish language and Spanish customs. Its chief purpose was to present Spanish in such a way that it was a fun thing to do. They accomplished this by performing short skits within the club, eating a Spanish dinner, viewing the play, "The Man of La Mancha," and having a "Pinata Party" at Christmas time. They met once a month and would play Spanish games. They also had a float and car in the Homecoming Parade, quite a feat for a first year organization.

Sponsor, Mrs. Osburn.

Mr. Crumback gives money to Sue.

Well, last year it was Margaret Wollenhaupt. Who will it be this time around? What lucky senior Business Club member will win the "outstanding business award," which includes fifty dollars in cash?

The 1970-71 Business Club was run very much like a Junior Achievement program in which they formed small companies that sold a widely assorted number of products. The club consisted of thirty members who met not more than twice a month. Their sponsor, Mr. Crumback, was of great help to these young executives.

Molly's Little Helpers

The office aides this year were an integral part of our school. They worked to provide the necessary organization that a successful high school office needed. Mrs. Janowski and Mrs. Hassan along with their able corps of helpers kept the records straight, relayed telephone messages, and counted class absences.

The students of P.H.S. owe gratitude to the office aides of 1970-71 for the efficient service that they provided.

Movies, Anyone?

The 1970-71 Audio Visual program's main purpose was to provide our school with a modern and enjoyable way of learning. This was done with the help of Mr. Dunn, the A.V. sponsor, and a mechanically inclined group of boys who would repair and transport the equipment from the A.V. room to the classrooms.

Terry and Mr. Dunn work it out together.

Oom-Pah

The 1970-71 Pinckney High School band was directed once again by Mr. Napier. They played at school functions, which included football games, pep rallies, and concerts, and they performed very well. Their Christmas concert was a great success and their contributions to the Homecoming ceremonies were indispensable. An added feature was the pep band which played at the home basketball games.

Mr. Napier directs the band.

Chorus

This year's Chorus, directed by Mrs. Swanson, was an outstanding group of young singers who spent hours at throat-killing practices to succeed. Their choral activities throughout the year could be heard third hour in the band room. Probably their best performance was at the Christmas assembly where they sang new and different Yuletide tunes, a good sign of their versatility in that area.

No one will ever believe this!

The chorus sings on.

Mrs. Swanson leads them in singing.

Bookworms

The Bookworms of '74 was a club of ninth grade students who became interested in many kinds of books throughout the past year. Their chief project of the year was taking a survey of the books best liked by Pinckney High School students. The Bookworms also wrote their own constitution and had it approved by the Student Council. This group was advised by Mrs. Irene Miller and their President was Kelly Rosenberger.

Library Aides

Miss Wilcox, Mrs. Amburgey, and their able staff of library aides were outstanding supervisors and assistants to the students this year. Their helpful hints and well-timed "shush-s" kept our school from becoming chaotic.

An assessment of this year's library program may be easily stated as "a great success" in strengthening this important area of our school. Thank-you, Miss Wilcox and company for an enjoyable and organized school year.

The yearbook staff busy at work.

What is a yearbook?

- ... It's an album of memories of the past year, memories that will cling forever.
- ... It also serves as an autograph book where all those dear unforgettable friends offer you "best wishes."
- ... It may contain a cheerful remembrance or a tearful one.

Sponsored by Mr. Wes Hanson and led by editor Joan Gardner, the yearbook was the product of arguments, collecting on late bills, and interrupting classes, and was surprisingly issued.

Kim and Bonnie talk over the "news."

The 1970-71 Pacemaker was put out by Mrs. Osburn's third hour journalism class, which did a commendable job throughout the year in the assembling of this paper. There were some fine articles published in the way of sports and other school activities that were informing as well as enjoyable to read. The paper also promoted student interest and class competition when they had the "ugly leg contest." Thank-you for a great year, Pacemaker. You've done it all.

Editorial

What purpose is an editorial to serve in a yearbook? What am I supposed to say when it's all done? Despite the fact that I hate nostalgic sentiments, is this what an editorial consists of? Am I required to recount all the frustrations, disappointments and exasperations? What of the surprise, joy and relief experienced when the mats are all finished and the 1971 Pirate Log becomes the publishing company's headache. They must now try to make sense out of the bent, erased and sliced mats, groan over our grammatical and typographical errors and decode our chicken-scratching directions. The finished product finally appears and in a complete catatonic state you wonder if that beautifully bound lavender and white colossus is the same MESS you sent out three months ago.

All kidding aside, being on the high school yearbook staff is an experience few will forget. I'm sure the whole staff enjoyed publishing a yearbook dedicated to the "People" of this school, in spite of seemingly overwhelming problems. At times tempers flared, mistakes were made, and the despair of ever making the deadlines was a common attitude. However, we made it, and we hope you like it!
